FAMOUS COLORS REVIVED

RED AND BLUE OF DWYER BROS. TRANS FERRED TO PRICE McKINNEY.

President of Brooklyn Jockey Club Pays Graceful Compliment to Cleveland Man Who Is About to Make His Debut as Owner of Racing Stable.

El Paso. Tex.. November 17.—Philip J. Dwyer, who with his brother Michael, now dead, raced some of the greatest thoroughbreds whose feats adorn the pages of American racing history, has paid a graceful compliment to his intimate fiend, Price McKinney, of Cleveland. The latter is about to make his bow as an owne; of the racing thoroughbred, in partnership with James W. Corrigan, another Cleveland capitalist. The debut will take flace at Juarez January I, when the three or four yearlings comprising the McKinney-Corrigan stable will be eligible to race, unless the three-year-old filly Ghetto Girl, also in the string, should race before that date.

At the earnest solicitation of Mr. Dwyer, the McKinney-Corrigan horses will carry the "red Jacket, blue sash and blue cap" that were borne to victory in so many notable races by the famous horses of Dwyer Bros, some twenty or thirty years ago. These colors were registered for life with the Jockey Club and Mr. Dwyer has now arranged for their transfer to his friend. While here recently, Mr. McKinney proudly exhibited a letter from the president of the Brooklyn Jockey Club acquainting him with what he had done and saying: "I believe you will have the best blood in America from your own produce that are now wealtings at the Wickliffe Stud in Kentucky and in 1916 will be raced as two-year-olds. And the old 'red and blue' will be seen in front again at many of the tracks in the east, now that racing is fast being restored. I hope to be out to see your horses win many # good race in these colors, as mine did in the years gone by."

It will not be until 1916 that the Casileton-bred stock bought by Mr. McKinney will be represented in racing. The young horses that will carry his colors here the coming winter are some that were acquired from other sources.

Assistant Manager Harry Breivogel was the first of the officials of the Jockey Club Juarez to arrive from the east. He was followed by Paddock Judge Hall. Others are expected shortly. Mr. Breivogel spoke entinisiastically of th

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply prepayment is made at time of wiring query.

P. A. B., South Bend, Ind. See reply to C. C. H J. R., Detroit, Mich. Have no information on the subject, but think such institutions are a thing of the past.

P. P. H., El Pase, Tex. It would seem that there would be no action in the case of an order received after the event had been decided.

S. W., Detroit, Mich. According to your state ment of the case the transaction was in time, pro-vided time spent at the post was included.

M. R., Chicago. If one had wagered on Sarsenet in the fourth race Monday he would have won unless the fayer had given notice that added starters run for him.

for him.

H. T. B., Louisville, Ky. If one names two horses in the same race and says one of the two will win his prediction would certainly be justified if one of them did win, but he could not rightly claim to have picked the winner outright without qualification.

L. M., Milwankee, Wis. There is no such animal s Mac O. in racing records. There is a May O. old broodmare about 27 years old and probably ead. Silver Knight is a bay gelding foaled in 1996, by Free Knight—Silver Lining. He has raced our seasons and in 99 races, winning 22 and \$8.

C. C. H.. Chicago and others. In general when one backs a single horse of a coupled entry his wager is decided by the running of that horse. The exception is that practices differ and in some localities such wagers will only be accepted on the entry with the preferred one marked "to go," which means if must start or there is no wager. Where the wager is accepted outright without qualification, as for instance, in the case of Borgo in race 18411, it would lose for the reason that the horse backed was beaten. The backer had his option of taking the entry or a single horse and must abide by his own action,

NOTES OF THE TURF.

The first two-year-old race of the Tasmanian sea son will be run at the Newnham meeting on November 28.

The stable of Jack Laxton has arrived at Havre de Grace from Kentucky in charge of Ed Trotter. Spring Maid, the star of the string, is on the shelf.

The funeral of Freemont Sloan, former jockey, was held Monday at the undertaking rooms of James Bradley & Sons in Chicago, and the body was taken to Kokomo, Ind., the home of his boyhood, for burial. Former jockey Louis Peters had charge of the arrangements.

An Anckland exchange says there were not many in New Zealand who were aware that Sir George Clifford had been elected a member of the English Jockey Club until the fact was given prominence at the recent annual general meeting of the Wellington Racing Club, when the president of the New Zealand Racing Conference was elected a life member of the Wellington Racing Club.

The mighter of internal affairs in New Zealand

member of the Wellington Racing Club.

The minister of internal affairs in New Zealand is in for a bad time when it comes to allocating the thirty-one additional totalisator permits provided for by Mr. George Hunter's Gaming Bill. The Canterbury Times says that from every corner of the Dominion there is news of the receival of clubs which lost their permits when the reduction took place a few years ago, while in some of the most inexpected quarters new clubs, which have never previously had the benefit of a totalisator permit, are urging their claims to official recognition. It is fortunate for the minister that parliament has already fixed the number of permits to go to each of the three branches of racing, as that will save him the worry of deciding in what proportion racing clubs; hunt clubs and trotting clubs are calculated to provide the most desirable class of sport or to advance the horse breeding industry of the Dominion.—Sydney Referee.

CANADIAN RACING CONTINUES TO FLOURISH

Season Recently Ended Results in a New Record for Distribution of Money Among Owners Engaged --- Review of Financial and Other Aspects of the Sport

Notwithstanding the extraordinary conditions attendant upon the entry of Canada into the war in which the British Empire, of which it is an integral part, became involved in midsummer, the Canadian racing season of 1914 was carried through to a successful conclusion without any curtailment of schedules and the figures of the results of the season, as compiled by Daily Racing, Form in accordance with its customary practice, show that all records were surpassed insofar as the distribution of money in stakes and purses se concerned. In spite of the world-wide chaotic conditions produced by the war, it is understood that the Canadian season as a whole was attended by satisfactory financial results.

Canadian racing has reached the point where it is able to hold its own in the face of competition from the strongest circuits in the United States for the patronage of important stables. Canadian racing received its greatest impetus when New York acing was suspended in 1911 and 1912. The resumption of racing on the New York tracks seemingly has affected the sport in Canada only to the extent of keeping a few of the leading New York stables from participation. During the season just closed the same high standard prevailed in the conduct of the sport as in preceding years and the patronage was of such a character as to rave no doubt of the tremendons hold racing has taken on the affections of the Canadian sport-loving public.

prevailed in the conduct of the sport as in preceding years and the paironage was of such a character as to rave no doubt of the tremendous hold racing has taken on the affectious of the Canadian sport-loving public.

Dates for the racing of 1915 on the Canadian circuit have not yet been announced, presumably because of the war, but there seems to be no reason to doubt that the sport will be continued next season along the same successful lines that have been prevailing since the Miller law, restricting Canadian meetings to fourteen days annually for each association, went into effect in 1910. In fact, the various organizations yielding allegiance to the Canadian Racing Associations, the virile governing body of Canadian racing, are making elaborate preparations for next season, when for the first time, bookmakers are to give way to the pari-mutuels on all Canadian mile tracks. The physical changes necessary to the carrying out of the new order of things are now going forward at several of the tracks. An exception is the Woodbine track of the Ontario Jockey Club, where the mutuels have been employed with highly satisfactory results for the past two years.

The following tabulation sets forth in a general way the results of the season of 1914 on the various tracks of Canada:

In 1912 Mr. Schorr attained similar distinction. Harry Giddings. of Oakville. Ont.. stands second, as he did in 1913, and H. G. COLD DAY IN MARYLAND

RACEGOERS FIND HEAVY WRAPS COMFORT-ABLE AT HAVRE DE GRACE.

Thornhill Favorite for Port Deposit Stakes Is Poorly Ridden and Is Beaten by Crossbun-Handicap Also Produces Upset.

Baltimore, Md., November 17.—Racing at Havre de Grace this afternoon savored greatly of the winter variety. A cold snap made heavy wraps and ulsters a comfort rather than a burden, and those who braved the weather were bundled up to keep warm. The races were run over a lumpy and heavy track. The going was probbly responsible for calculations being upset in some instances, while in others poor riding caused the defeat of well backed choices. This was particularly so in the case of Thornhill, the odds-on favorite for the Port Deposit Selling Stakes, a dash of six furlongs. Thornhill appeared to outclass his company and it looked like a case of any price being a good one. The start, which was none too good, found Crossbun quickest to get into her stride. Thornhill, immediately after the barrier was sprung, dropped back and he was a trailer for the first half mile, apparently unable to improve his position. In the final furlong, after being straightened out in the homestretch, Thornhill closed on the leaders with a startling burst of speed and was beaten only three-quarters of a length by Crossbun. It was the general opinion that Thornhill should have won. At all events he was going much faster than the winner at the finish.

A mile and seventy yards selling handicap divided interest with the stake race. There were five starters in this race and, like Thornhill, the favorite of this race was beaten through poor handling. Manasseh's ability to run well in the going was responsible for her installation as favorite. Kederis had the mount and was particularly unfortunate in meeting with repeated interference. In rounding the far turn, she was finally pulled off her stride and was then taken to the extreme outside. She had no chance under these conditions. The finish resolved itself into a duel between Be and Armament, in which the former lasted to win by a head. Glut was third a couple of lengths back and half a length in front of Manasseh. The latter finished the field at Benning this winter and will run in the army r

HORSES HELD UP IN MARYLAND,

Baltimore, Md., November 17.—The prevalence of the foot and mouth disease is causing horsemen who wish to ship away from Marvland some trouble. Dr. Lawrence Hickman, chief veterinary inspector of the state, is rigidly enforcing the law, and no horses can be shipped away without his personal approval. The strings of Mrs. L. A. Livingston and Edward MeBride were he'd up at Pimlico, although they had been previously passed upon and given a clean bill of health by Dr. Henry McCarthy, who, as he claimed, was acting with the direct approval of the chief inspector.

Time, 24, 48%, 1:15. Track heavy.

Winner—Ch. c, by Ogden—May Florenee (trained by T. J. Healey).

Went to post at 2:26. At post 1 minute. Start good and slow. Won driving; second and third the same. BORGO began slowly, but moved up steadily and slipped through on the inside after having saved ground on all turns and just lasted long enough to outstay BOXER. The latter raced in close pursuit of NORSE KING to the stretch turn, where he came wide and lost ground, but came again at the end. NORSE KING showed much speed in pacemaking for the first half, but bolted to the outside when entering the homestretch and may have lost the race by it. BRIAN BORU ran moderately well only. MEE-LICKA quit badly. The winner was entered for \$800; no bid.

Winner—B. g, by Irish Lad—Custance (trained by W. H. Baker).

Went to post at 2:50. At post 4 minutes. Start good and slow. Won driving; second and third the same, JoB DeIBOLD raced on the inside most of the way and was cut off a couple of times when he attempted to squeeze through, but came fast in the stretch and won in the last stride. HENRY HUTCHI-SON was off slowly, but closed a big gap and, finishing gamely, would have won in a few more strides. EUROPEAN WAR DEVELOPMENTS.

Although violent fighting between the allies and the Germans is still going on in West Flanders, troop movements have been completely checked by the floods and storms which have turned the highways into swamps. During Monday the Germans directed a fierce attack upon the allied line near ypres. This was repulsed and the allies in turn assumed the offensive. Casualties in the allied ranks were heavy, but favorable progress was made. All reports from the scene of fightig in northern France Indicate that the weather conditions for the last few days have been terrible. Heavy rain, falling continuously for thirty-six hours, has turned all the roads into quagmires, while the trenches are flooded and the lowlands everywhere are largely covered by water. Everything possible is being done to make the troops comfortable, to prevent their being flooded out of the trenches and to avoid cave-ins. The trenches are being shored and the bottoms covered with brush and straw. Meanwhile the artillery battle continues. A correspondent at Sluis, Netherlands, says artillery fire was again andible and that the Germans are renewing their efforts to cross the Yser near Nieuport.

Memort.

A portion of the city of Cracow is in flames and the inhabitants have fled panic stricken before the advancing Russian army. Advices by way of Trieste say the investment of Cracow began Saturday. The Russian force, advancing upon the Austrian stronghold from the north, opened the bombardment as soon as their big guns were brought up from Miechow. The northern section of the city was soon in flames. Violent assaults upon all defenses are now being made by the Russians. The force advancing from the east, which has now passed Tarnow, is moving rapidly, and the capture of Cracow is expected momentarily. For the Russians the fall of Cracow means the key to industrial districts of Silesia, striking a vital economic blow at Germany. The Venice correspondent of the Giornale d'Italia sends the following dispatch to his paper at Rome: "Private tele-

grams announce that Cracow is aflame. Only the military remain there. The Russians are attacking the city from the northeast and the investment will soon be complete. One hundred thousand Austrian soldiers are shut up in Cracow."

It is officially annouced that the British government will seek a war loan of \$1,750,009,000. Additional taxes will have to be paid by British subjects to finance British war operations, Chancellor of the Exchequer Lloyd-George announced in the House of Commons yesterday. The new revenue-producing program will include an additional tax on beer, and an increase in the income tax rate to double its present standard. "It is estimated." said the chancellor, "that the loss of revenue directly attributable to the war is \$56,750,000. There are now more than 2,000,000 men under arms, and the country will have to find for the end of the financial year \$2,676,835,000. The deficiency will be \$1,697,655,000. The first two years of the war will cost \$2,250,000,000."

The huge factory in Russia of the Singer Sewing Machine Company has been taken over by the Russian government and will be devoted to the manufacture of small arms. The factory of the American Phonograph Company in Russia also has been requisitioned for the same purpose, while smelting concerns operated by Americans are now being used to make steel billets for military purposes.

quith likewise announced that oil and copper would be declared contraband of war.

Petrograd reports that heavy fighting has taken place in East Prussia, in the vicinity of Neidenburg and Soldau, and the advantage is declared to be with the Russians. The German front along the Vistula extends for seventy miles to the southwest of Plock. The advance along the right bank of the Vistula has progressed less than twenty miles from the frontier.

The general staff of the Russian Caucasian army has issued a communication confirming the report from Turkish sources that the Russians had received a check near Erzerum. It says: "The march of our advance guard in the direction of Erzerum has ended. This march was dictated not by conditions of war but only to fulfill the task imposed on our advance guard."

German headquarters gave out an official report as follows: "Generally speaking, Monday passed quietly in the western arena of the war. To the south of Verdun and to the northeast of Circy the French made several attacks, which, however, were unsuccessful. Operations in the eastern arena made further favorable progress, but detailed reports are not at hand."

The German cruiser Berlin has been interned at Trondhjem, Norway. It is believed she was acting as a parent ship to a flotilla of submarines reported off the Lofoden Islands. The only explanation for her interning is that she was probably doing scout duty and was cornered by British ships. The Berlin is a light cruiser of the Bremen type, of 3,250 tons.
